“ *Aunt Addie was the first person to welcome me into the Kizer extended family. She knew my granny and we had that connection to build on. She always loved all the kids and never in my presence said a bad word about anyone but always something positive. We all were attracted to her warmth like bees to honey. She made every one feel so special. That was her gift. The world will be a little bit colder now with her gone but a little bit better because she was here. She is with Uncle Robert now. We will not be able to make the trip but our thoughts and prayers are with you Tim and Tabitha. Thank you for sharing your precious mama with all of us through the years. Much love to you both*
