“ She was a life long friend. A special memory is I had my 21st birthday before she did and she made me wait until her birthday a month later so we could go together to register to vote.

“ Aunt Sue is(was) my Great-Aunt but we were close as a child . Aunt Sue and Katrina were my home away from home! Her home out in the country was where I shared some of the best times and memories of my life! When my home life was crazy Aunt sue was my stable place to be. I remember having the best times at church with my Aunt Sue and Katrina was always right there helping. She was and is always my big sister! I regret that as I got older I drifted away from Aunt Sue and all my Autry (Lexington) family! My Mother Barbara Autry Hemby use to go visit every weekend but, once I lost her and my father and brother and moved to TX seems it became harder and harder to keep in touch! Thank God for Facebook and Katrina to keep us talking. I don't have much family left but, heaven will be full of family Angels 🙏 when I get there someday ! Aunt Sue was a Great Woman and tough as nails anyone that knew her was a better person because of her. I never heard her be negative. Even when she had Breast cancer I was scared of her ( I was very young and didn't understand) she took me aside and explained everything and even showed me how her breast was gone and made it a positive memory some how. Even during that I never heard her say why me , why again , always positive. I pray I will be 10% of a woman as she was! I love ❤️ you always and forever 😊 your Niece Jessica Hemby Hollin
