“ My dear friend, I will miss you so much. So many precious memories with you. Our first job together at Lexington Video we had a blast working there. I didn't meet you until our classes blended in our freshman year of high school. We had so much fun in our times together and with our friends. You were my right hand person planning our reunions and you were there for anything we needed done. You were the most kind and selfless person, you were a bright shining star. There are so many things I can say and each day I think of an old memory I forgot. You are a beautiful soul and the world is less without you on earth but Heaven has gained an angel. My prayers to your family and children. I will miss you my friend. Give Shonda a hug for me and rejoice with your Mom and loved ones. Love you forever,
