“ I am so sorry to hear about Danny. Lynn and I lost track of your family, but you have been in our thoughts over the years. We often reminisce about our times in K-town - oh, how we enjoyed spending time with Danny and Charlotte. With sympathy, Lynn and Laura Blue

“ I will always remember that smile. I could be having a bad day at work and go by Danny's case and I never left that case without a smile on my face or laughing. Need Danny during break time you knew exactly where you would find him on the back deck sitting at the picnic table. I know you will miss him but remember to laugh he would want you to. Ethel Slater

“ So sorry to hear about Danny. I worked with him at the Post Office in Sumter. My funniest memory was the story about the package he tried to toss on to the porch of a customer and it landed on the roof. He had us all laughing about that one. He was a great guy. My sympathy to Charlotte and the rest of the family. Joy Potts

Danny was the best friend anyone could ask for. Serving with him in the Air Force brought my family and his family together. He and Charlotte became our best friends and we always considered them family. I have so many wonderful memories of our times together playing double pinochle and playing tennis with Danny. I could go on and on. Loosing my wife recently and now my best friend has brought tears and heartbreak. Love to you Charlotte and your family.
