“ *I was in the class that had her as a third grade teacher the first year she came to Clarksburg after Mrs. Kee retired. And I remember thinking we were so lucky to get to be Mrs. Collins' students first. She taught us our planets, cursive and our times tables and she made it all fun and interesting. But something I remember most about Mrs. Collins: it was my turn to be the leader and that person got to stand and walk beside her and lead the line of 3rd graders wherever we were to go. I look down and my foot seems to be as big as hers so I put my foot beside hers (thinking she isn't noticing) to kind of compare the size of my foot to an adult's. She looked down and noticed what I was doing and all she said was, "Bless your heart"! A kind thing to say to a 3rd grader with a massive foot size! Lol- I hope this brought a smile to your face as I always think of her and this day fondly. Heartfelt condolences to the family.*
