“ My heart is aching over the loss of Doris and with heartfelt sympathy to brother Don and all the children and family. Whatever Doris did she gave it her all and then some, in her work, play and in her Faith in JESUS. I have many memories of Doris but the last memory that I treasure most is when I went by to get free roaming chicken eggs, this was before she came down sick with Covid, she had two of her grandchildren there with her and she had been in the field cutting hay, the grandchildren wanted her there at the house with them, Don had to go take over in the field. She had a large galvanized horse and cattle water trough filled up with water, beside the carport patio, for the grandchildren to swim in. That day I had said something to her about wearing mask out in large crowds or when she went in Walmart, she told me that if she got Covid or not, either way she was covered by the Blood of Christ. That is the most important part in living to give your all and then some to Faith and glory in God the Father and the shed blood of Christ for our sins that we may have eternal life with Him if we so choose to. I will truly miss seeing and talking with her. God Bless each of you and give you comfort in your time of mourning.

“ Condolences to the family. She was one of a kind. Snuffy had such an independent personality. We all played ball together "back in the day."

So sorry for the loss of your loved one. I haven't known Doris as long as most of you but she was always very nice and kind to me. When I visited Don and Doris I was always greeted with great respect and kindness. I knew her long enough to know she was a lot harder worker than I am and that she loved the lord with all her heart. I know there is going to be a big void in the lives of her family, and I pray for comfort and healing for them and a wonderful journey for her into her next life love you all and god bless.
