“ We've only known Helen for a little over 3 years. She always welcomed us at the VFW and at karaoke events. We will miss her very much. We enjoyed watching her and Tony dance together. What a sweet lady she was and what a sad surprise that she has left this life.

“ Helen was one of the sweetest most genuine people I have met. She had recently connected with an old friend Tony Collins who is my Papaw. I loved seeing the fun they had together. She was a joy! Prayers for her family. I sure will miss her.

“ Aunt Helen was a very happy spirit, though we lived miles apart she always kept up to date on her family here in Michigan. My mom, Brenda will especially miss her sister and their daily phone calls. Sympathy goes out to her family and friends.

“ To Teresa, Tony and Family- I’m calling this writing “One Last Hug” because she gave me and Debbie a hug after the devotion last night- Most people would say that Helen was a good Lady- I disagree; Helen was a Great and an Awesome lady- I new Helen for more than 40 years and during those years she always showed respect and care for me and her coworkers- Helen and I worked together at Century Electric for many years- I had highly respect for Helen-

I had not seen Helen for many years and then I ran into her at the VFW where she met Tony (Her Special Man)- My wife Debbie, had become close friends with Helen- Just last night we talked to Helen and Tony for quite some time- Helen was a barrel of fun and always was every time Deb and I seen her at the VFW- VFW had a band last night and the last song they played was Amazing Grace and Helen truly enjoyed that song- Debbie and I are honor to know Helen and Tony and we enjoyed the “Last Hug” we had with her- Helen will be missed within her community she live in- “Please let Debbie and me know if you need anything at all during this difficult time-“

Helen Keller once said; "When it seems that our sorrow is too great to be borne, let us think of the great family of the heavy-hearted into which our grief has given us entrance. And inevitably, we will feel about us their arms, their sympathy, and their understanding."

Helen was a sweetheart. I had just gotten to really know her and really enjoyed the times we spent together. I also worked with her at Bendix.

I have only gotten to see Helen on FB since leaving Bendix. But she has never changed in all those years. You always got what you saw. She didn't put others down unless she told it to them. I had a lot of respect and admiration for Her. Raymond & Helen were friend with My father for many years.
