“ Lee and I met in college and what fun we had. We maintained our friendship throughout the years. I have many fond memories of Lee. I called him "Eventful" because always something always happened when we were together. I'm sorry we lost him so young. Love you Eventful. RIP you crazy fool.

Even though we didn't see each other much since high school, it always seemed like we saw each other the day before. You will never be forgotten. RIP my friend. You will be missed.

You'll always be in my heart. Even though, over the years, you have come and gone we always picked back up where we left off. You were like a brother and a stubborn brother with your own ideas and your own ways. You drove me crazy but that is just who you are. I love you LeRoy.
