“ Guess I've known Janet for as long as anyone, even her brother. She and I go way back but I never expected anything like this. Like everyone has said she has always been a caring person who put her love into action and would do most anything to help you or make you feel welcome. I always remember you and I scurrying around at the old Hannah house trying to be the Santa for family handing out presents. Life was such an easier time then. But we always had a good time when we were together at reunions. Like the time I came down on my Norton motorcycle. I gave all the cousins a ride except Janet. She was scared and five people couldn't get her on that bike. Wish I had taken more time to reminisce all those times and share pictures. Janet you will be missed and you were always loved. We still make you pumpkin roll and so does Toby, our son. So many ways you touched people. You will remain in our memories, love ya girl! Sammy Howell

“ *I met Janet in 1992, when Auto Zone moved here. I met her while helping my husband Larry, get started with numbers and all at the Zone when I met her. We were friends from then on. Larry and I just love her so much. She even helped us move a tractor from New Albany, Ms to here in Lexington. I will be forever grateful for having her as a dear friend. Rest in peace my child. God Bless the family and friends.*
