“ My sister should have been an interior decorator.....my many memories included how she loved to arrange furniture almost everyother day and she kept her yard beautiful with flowers and would Not let the leaves stay on the ground. I remember my son went to visit and he said all he did was rake !eaves. She would always call me and tell me to let him know there was more leaves to rake. She was the strong one in our family out of 8. She was not only strong mentally but physically also.
May she rest in peace now...love you julie
