“ I Give my Deepest Condolences to all the Family. I remember Uncle Jessie when he was 24 or 25 and the big smile he always had on his Face!! and the Energy he put off!!He was always good to us all and me Especially, every time he would come over he would give me his Watch, like three or four of them over a period of Time... that made such a big impression on me as a Little Boy it taught me how to give to others and I never forgot that. He taught me how to care for others and to give to them that were without or had little. R.I.P. Uncle Say Hello for all of us to Mama, Tom, Marie, Ruby and all the many more Family we have Lost that went be for us and wait on us to Join them one Day..
