“ *I practically spent as much time at your house as I did at mine growing up. Janie, Kathy and myself were always under your feet. Either begging you to make you oatmeal cookies or showing you our latest dance moves. You always had so much love and patience with all us girls. I remember when we put on the talent show and Penny and Teresa did their routine while the three of us practiced our hearts out. You and Uncle Dub were the greatest audience and you showed us such a beautiful childhood around such a loving family. You will forever live in my heart beautiful lady.*
