“ Judy will sincerely be miss she was a customer of mine at the bank as long as I can remember. I looked forward to her visits on Saturday mornings. Since she was an over the road truck driver her stories was most interesting. One thing I learned from her she loved her family dearly she would always talk about her daughters and visiting her mother before she passed away. She loved where she lived and enjoyed the piece and quiet of the country. RIP Judy...

ET

Judy was a co-leader with me of the Girl Scout troop at Grace Lutheran for many years. She was grand in her unique ways for the girls to have creative times when working on their badges. There are many fond and enjoyable memories. Couldn't have done it without her. Whenever I pass her former St. Petersburg home, could not help but think of her. Fun times there too. Condolences to her children and family. RIP Judy
