“ I dont know who will read this, in the family, but, I remember awhile back my uncle passed away and Laura and Robert came to pay their respect, and just her smiling face and the kind words she said to us, made it easier to "let go", and today, sure I miss him, but God loves him even more! And, I am at peace, hope you have found serinirty, and "let go". Thank you, "See you later, Miss Laura"
