“ Sorry to hear Ms. Maple has passed. My grandmother, "Bess" Pitts was a 1st cousin to Maple, Delmar, Mary, and Einese. I spoke to Maple on several occasions in past 10 years on the phone. She shared memories of my grandparents and coming to Dyer County to visit them and of course my grandmother made a few trips later in life to Decatur County to visit relatives there. Maple was very to the point and shared her faith and love for Christ to me and told her and shared my love and faith in Christ as well. We hit it off right away. I believe in sharing the dash "-" in someone's life and this is just a tidbit that I could share. My grandmother was born 1905 and lived to be 94, Delmar lived to be in his 90's and of course Maple lived to be 95 so I am hoping enough of that gene pool carries on that I may do the same not from a selfish standpoint but as Maple and I discussed we loved the Lord and our mission as long as we are on this earth is to share our walk with Christ. I celebrate her Home! My condolences to the family, nieces and nephews!
