“ I was out of town with family and didn't hear of this until yesterday. I am so sorry for your loss. Marcus was one exceptional person. He personally went out of his way to help me in 2018. I mean he went above and beyond to help someone he didn't even know. I will never forget him. I am very saddened. My wife and I have your family in our prayers. I will be glad to share my story with you and explain what Marcus did for us. His kindness will never be forgotten.

“ I was so fortunate to meet Marcus last year. I am currently on a similar education path to the one he traveled, and he was kind enough to befriend me and be a mentor for me. I will carry memories of the times we got to talk "shop" about his work throughout my career. I am so grateful that he took the time to encourage me in my studies, and I send my deepest sympathies to his other friends and his entire family in our time of grief.

“ *Marcus,
I met you in summer school, and at first you were the guy who kept stealing my answers and that was annoying. Then I started writing down the wrong answers and you'd copy those Haha I'd change them last minute, it's funny that's how we became friends. You made me laugh until I couldn't breathe!
We spent almost that entire summer together, and now looking back it wasn't long enough. Even when I moved home to Canada we kept in touch. I will always cherish our friendship and love you so big
Marcus.
Until I see you again xox*

“ *My sincerest condolences to Marcus' family. You raised a very thoughtful, well-meaning and intelligent son. There is so much I could say after knowing him for only a short while. He enjoyed talking and also listening, very patiently. I will miss seeing him and talking to him at piano lessons and at HCMC where almost every time he passed my desk he would stop and chat for a while, sometimes even sitting and eating a quick lunch and talking to us volunteers. Such a warm, sincere, easy-to-talk-to young man, whom I will miss dearly. Many prayers for family and friends.*
