“ *Every time I think of my cousin Mike, I think of those Summer days as a child that I spent in Lexington at Uncle Jack's wonderful home. Mike spent time with me and made me feel welcome even though I mucked up his time with his older friends. He took me motor cycle riding and camping out in the red mud of West TN. He introduced me to bands like The Who, Deep Purple and Black Oak Arkansas. He had a brilliant mind and a very kind soul. I miss him terribly.*

“ Seth, Zach, and Dana
We were so saddened by the death of Mike. We have so manysweet and special memories of your dad. We loved Dr. Mike!
The last time I saw him we hugged me and we chatted about all you all and how Brent creamed Zach with a brick that time right after we moved in. Also how you all rode the wagon up and down the street. Please know the Melvin's love you and are praying for all you.

“ *What I remember most about Mike and Thomas' friendship is the day they decided to float the Beech River - I was supposed to pick them up at Chesterfield around 2 pm but couldn't find them - they finally called and had made it only to 104 South - two tired, dirty boys - Mike was bitten on the hand by something and it was swollen - snake had gotten in the boat with them - it was one tough day!! I always loved Mike and am thinking of all of you and praying for your family.*

“ Mike you will be missed by so, so many people. You were one of a kind, never meeting a stranger and treated a hobo or a President of a bank the same. You never judged anyone. I never heard you speak harsh about anyone. I love you for being a wonderful friend....I will miss you.
