“ Remember the Sundays at Uncle Virgil's and Aunt Marie's. We made mud pies and played store.

We always had a good country ham to eat and a good Sunday dinner.

In the afternoon our Moms and Dads would send us to the little store and we'd buy a cold drink and a candy bar for everyone all 10 of us and spend maybe a \$1.50.

In the summer we'd spend a few days and hoe cotton and I'd ride the mule down to the cotton field, while the others walked or rode a wagon.

In the autumn we'd play in the leaves and drink the most perfect lemonade.

Through the years we have all kept close touch with each other. We have so many memories and I treasure them so much more now as we start to depart this world for a better place.

The 2 room school house we got to attend with you when we visited. Going to the church meetings, Christmas at Granddaddy Usery's

My first date, going with Nancy and Larry to the drive-in with a blind date they set up for me.

Trying to get away from our little brothers, Tommy and Roger. And wondering if Allen and Jimmy were going to come out to play.

Being with my country cousins was sure fun and made a lot of good memories for us all.

But the game we enjoyed the most was the game that some day only one of us will be left to participate, so in memory of that game:

Nancy I hate to have to do this but,

GOTCHA LAST NO TAG BACK

I love you my precious cousin. May you rest peacefully. And Amy and Cliff remember how special she is to you.

I love you both.

Your Barr cousins
