“ *Susan, My parents always enjoyed when your dad would stop by to visit them. They thought a lot of your father. My dad and he talked about old times when they worked together at TVA and my mom liked to hear stories about his pets. I remember his big heart for animals and I was so thankful that he took in my German Shepherd years ago. “Lady” had a litter of pups living there and lived her best life out in the country. Prayers of comfort for you and the family.*

“ Tom was and is still my Friend. Tina and I first met Tom at Starbucks, he and Princess were there most every morning. We shared our life stories and discovered we had much more than Starbucks in common.

Tom was the only person I ever called Dad. He was a Dad to me. He's riding a motorcycle, somewhere now.

“ *I have so many fond memories of my grandfather, but one that stands out is that when I was little, he would send boxes of toads to me and my mom. They were just toads he had around his land and we would put them in the bathtub and play with them before releasing them. Our cat, Ludwig Von Beethoven didn't know what to think! I still absolutely adore toads and all kinds of critters thanks to Papa Tom.*
