“ Up thinking about you this morning, I really dont know how to say wat I'm saying so I'll just say how I'm feeling. Even tho we knew and tried to prepare Auntie I wasn't ready to hear you left...,When papaw, memaw, and waylon left this walk of life I wasn't here and it feels as if I'm feeling the loss of them thru losing you now. I'm just glad that I came to see you before you had to leave us and I felt papaw and memaw there when we was talking when you told me good ,bad,ugly,or indifferent we are family.,papaw told me the same thang when I was teenager raising all kinds of sand.but you told me you was proud I came home and back around my family bcuz where all we got, you was all about family and I will never forget that .I miss you auntie and in my heart you will forever remain

“ Our hearts are breaking since you went home to be with Jesus. But I can remember our 4th of July parties at your house and hanging out in your basement. I remember how much love you unconditionally gave everyone around you. I have a lot of memories of you but nothing will ever compare to spending one of your last night's with you and being able to take care of you for one night when you have taken care of all of us for as long as I can remember. Having that chance to tell you how much I loved you and to hear you say one more time you love me too will be one of the best memories I will ever have and will keep in my heart forever. Love you unconditionally and I know you are rejoicing in heaven.

Anne was sure one of a kind. Her FAMILY meant everything to her. She LOVED everybody. I had got to spend some time with her the last couple of weeks and all she talked about was her FAMILY. As sick as she was she didn't think of herself she only was worried about them. I know they are going to miss her so much, but, now she will be watching them from HEAVEN. They are so lucky to have their very own GUARDIAN ANGLE....
