“ Zula drove her car from Lexington all the way to Parsons to my shop. She was so afraid her kids would find out but we kept it a secret. She made it just fine driving plus we got to spend the day together! I'm going to miss you Zula my friend! I've been missing you for a few months now. I expect 3-4 phone calls a day from you and they ended just a few short months ago. We talked all the time or I was at your house! I knew this day would come but I wasn't ready! I love you my friend!! You're my Angel now!!
